

THE HIGH-TECH CLEANING COMPOUND
DEEP CLEANING ACTION!
PATENTED - NON TOXIC - BIODEGRADABLE

Cyber Clean Pop-Up Pot - Home & Office

Home & Office

Comes in a cool yellow compound with a fresh lemon fragrance

Cleans all your electronic products and solid surfaces

Cyber clean is a revolutionary cleaning compound when it comes to cleaning action in cavities and where conventional cleaning products have physical limits. Cyber Clean gets into cavities because of its perfect combination of viscosity and elasticity. Its patented formula helps in absorbing dirt and any other residue and provides deep cleaning action in the cavities and on the surface.
